TABLE DES MATIÈRES

TOME 117 – 2010

Pages

Fascicule 1

GERMANN, Christoph. <i>Osellaeus bonvouloiri occidentalis</i> ssp. nov. from the Vercors (France) – an alpine element of its distributional limits (Coleoptera, Apionidae)	3-10
BAVIERA, Cosimo. <i>Alaocyba ientilei</i> n. sp. (Coleoptera: Curculionoidea, Raymondionymidae) dell'Isola di Marettimo (Isole Egadi, Sicilia) . . .	11-16
HOLLIER, John. An annotated list of type specimens of Orthoptera (Insecta) described by Ferdinand Karsch and deposited in the collections of the Muséum d'histoire naturelle de la Ville de Genève	17-22
HOLLIER, John. An annotated catalogue of the primary type specimens of the Orthoptera (Insecta) species described by Johann Carl and Adolf Fritze	23-44
NGUYEN, Quang Truong, DAVID, Patrick, TRAN, Thanh Tung, LUU, Quang Vinh, LE, Khac Quyet & ZIEGLER, Thomas. <i>Amphiesmoides ornaticeps</i> (Werner, 1924), an addition to the snake fauna of Vietnam, with a redescription and comments on the genus <i>Amphiesmoides</i> Malnate, 1961 (Squamata: Natricidae)	45-56
BAYER, Steffen & JÄGER, Peter. Expected species richness in the genus <i>Psechrus</i> in Laos (Araneae: Psechridae)	57-75
SCHMIDT-RHAESA, Andreas & GUSICH, Valeria Viktoria. A new <i>Gordionus</i> MÜLLER, 1927 from Switzerland (Nematomorpha, Gordiida)	77-82
YEFREMOVA, Zoya, YEGORENKOVA, Ekaterina & BOYADZHIEV, Peter. Taxonomical Notes on <i>Neotrichoporoides bulgaricus</i> Graham, 1987 (Hymenoptera, Eulophidae)	83-88
BARTÁK, Miroslav & KUBÍK Štěpán. Three new European species of the <i>Rhamphomyia</i> (s. str.) melania group (Diptera: Empididae)	89-100
LAZAROV, Stoyan & NAUMOVA, Maria. Two new <i>Harpactea</i> from Bulgaria (Araneae: Dysderidae)	101-110
DO LINH SAN, Emmanuel, FERRARI, Nicola & WEBER, Jean-Marc. Circadian activity patterns and nocturnal resting sites of Eurasian badgers (<i>Meles meles</i> L.) in a rural area of western Switzerland	111-119
DANKITTIPAKUL, Pakawin & SINGTRIPOP, Tippawan. The spitting spider family Scytodidae in Thailand, with descriptions of three new <i>Dictis</i> species (Araneae)	121-141

	Pages
FARKAČ, Jan & WRASE, David W. Two new species of genus <i>Leistus</i> Fröhlich, 1799 from Turkey (Coleoptera: Carabidae: Nebriini)	143-152
SMALES, Lesley R. Plagiorhynchidae (Acanthocephala) including the description of a new species from birds from the Republic of the Côte d'Ivoire, Africa	153-158
BENJAMIN, Suresh P. & JALEEL, Ziyad. The genera <i>Haplotmarus</i> Simon, 1909 and <i>Indoxysticus</i> gen. nov.: two enigmatic genera of crab spiders from the Oriental region (Araneae: Thomisidae)	159-167
ORTUÑO, Vicente M. & SENDRA, Alberto. Description of <i>Microtyphlus</i> (<i>Speleotyphlus</i>) <i>infernalis</i> n. sp. from Valencia (eastern Iberian Peninsula), and review of the present state of knowledge of this hypogean subgenus (Coleoptera: Carabidae: Anillini)	169-183

Fascicule 2

LIENHARD, Charles. Two new cave-dwelling Prionoglarididae from Venezuela and Namibia (Psocodea: 'Psocoptera': Trogiomorpha) . . .	185-197
KONTSCHÁN, Jenő. Three new <i>Deraiothorus</i> Canestrini, 1897 species from Thailand (Acari: Uropodina: Eutrachytidae)	199-211
DIRICKX, Henri G. Notes sur le genre <i>Allobaccha</i> Curran, 1928 (Diptera, Syrphidae) à Madagascar avec descriptions de cinq nouvelles espèces	213-233
WEBER, Jean-Marc & HOFER, Blaise. Diet of wolves <i>Canis lupus</i> recolonizing Switzerland: a preliminary approach	235-241
BAREJ, Michael F., BÖHME, Wolfgang, PERRY, Steven F., WAGNER, Philipp & SCHMITZ, Andreas. The hairy frog, a curly fighter? – A novel hypothesis on the function of hairs and claw-like terminal phalanges, including their biological and systematic significance (Anura: Arthroleptidae: <i>Trichobatrachus</i>)	243-263
PUTHZ, Volker. <i>Edaphus</i> aus Taiwan (Coleoptera: Staphylinidae) 101. Beitrag zur Kenntnis der Euaesthetinen	265-336

Fascicule 3

SCHUCHERT, Peter. The European athecate hydroids and their medusae (Hydrozoa, Cnidaria): Capitata Part 2	337-555
--------------------------------------------------------------------------------------------------------------------	---------

Fascicule 4

TURIENZO, Paola, DI IORIO, Osvaldo & MAHNERT, Volker. Global checklist of pseudoscorpions (Arachnida) found in birds' nests	557-598
HONG, Yong. Four new earthworms of the <i>Amyntas aeruginosus</i> species group (Oligochaeta: Megascolecidae) from Nam Xam NBCA, Laos . .	599-609
LIENHARD, Charles, OLIVEIRA DO CARMO, Thais & LOPES FERREIRA, Rodrigo. A new genus of Sensitibillini from Brazilian caves (Psocodea: 'Psocoptera': Prionoglarididae)	611-635
SCHÄTTI, Beat, INEICH, Ivan & KUCHARZEWSKI, Christoph. Nominal taxa of <i>Spalerosophis diadema</i> (Schlegel, 1837) from Iraq to Pakistan – two centuries of confusion (Reptilia: Squamata: Colubrinae)	637-664
ASH, Anirban, DE CHAMBRIER, Alain, SCHOLZ, Tomáš. Redescription of <i>Vermaia pseudotropii</i> , a hyperapolytic freshwater tapeworm, and composition of <i>Vermaia</i> Nybelin, 1942 (Cestoda: Proteocephalidea) .	665-677
WILDENHUES, Marlen J., GAWOR, Anna, NGUYEN, Truong Quang, NGUYEN, Tao Thien, SCHMITZ, Andreas, ZIEGLER, Thomas. First description of larval and juvenile stages of <i>Rhacophorus maximus</i> Günther, 1859 "1858" (Anura: Rhacophoridae) from Vietnam	679-696
LANDRY, Bernard & ROQUE-ALBELO, Lazaro. The Gelechiidae (Lepidoptera) of the Galapagos Islands, Ecuador, a taxonomic revision	697-770
SHATALKIN, Anatole I. & MERZ, Bernhard. The Psilidae (Diptera, Acalyptata of Switzerland, with description of two new species from Central Europe	771-800
HOLLIER, John. An annotated list of type material of Orthoptera (Insecta) described by Achille Griffini and deposited in the collections of the Muséum d'histoire naturelle in Geneva	801-805
HOLLIER, John. An annotated list of primary types of Orthoptera (Insecta) described by Boris Uvarov and deposited in the collections of the Muséum d'histoire naturelle in Geneva	807-810
LÜTHI, Marc, NENTWIG, Wolfgang, AIROLDI, Jean-Pierre. Nutritional ecology of <i>Microtus arvalis</i> (Pallas, 1779) in sown wild flower fields and quasi-natural habitats	811-828
CHRISTIAN, Erhard, CAPURRO, Matteo & GALLI, Loris. Phenology of two syntopic <i>Eukoenenia</i> species in a northern Italian forest soil (Arachnida: Palpigradi)	829-834
